

# The HOME JOURNAL

Spring Quarter 2025

## *a new* CHAPTER

Graduation is a time of reflection. At Carpenter Place, we love celebrating our girls' achievements and look forward to seeing what the next chapter in their story will be.

We are proud of our Class of 2025. Not only did Addy complete High School, but she also rang the Carpenter Place bell, signifying the end of her time at Carpenter Place.

Addy's future plans include attending Oklahoma Christian University in the fall. She will pursue a degree in Family Science and Human Development with a minor in Psychology in hopes of becoming a social worker.

When reflecting on her time at Carpenter Place, Addy said that a favorite memory includes going to teen camp with the houseparents. Overall, spending quality time with the houseparents was her favorite thing. Her favorite activities were playing volleyball with Ms. Connie, basketball with Mr. Adam, and leg day at the YMCA. She will miss having late-night conversations with the houseparents.

Addy says that being at Carpenter Place gave her a safe place to work on herself. She learned that when you work hard, your goals can be achieved and that communication is key. She knows that change is a good thing and has learned how to find the good even when the situation seems bad.

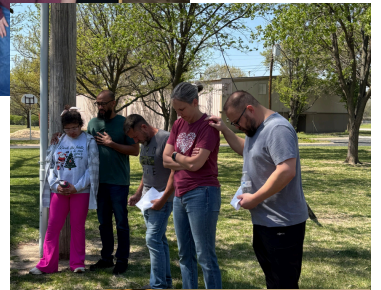

We are excited about Addy's future and can't wait to see where God takes her. Please keep Addy in your prayers as she embarks on the next chapter of her journey.

# AROUND CAMPUS

In addition to finishing the school year strong, here are a few things the girls have been doing recently:

- Addy graduated and had her bell ringing ceremony. We are excited to see what her future holds!
- One of our newest board members, Angie Weber, coordinated a prayer walk around campus with the girls and staff.
- The girls enjoyed a day of pampering at Evolve Simply Beauty.

## MEET OUR INTERNS

Michaela  
HUTFLES

Michaela Hutfles is excited to spend the summer building relationships and growing spiritually with the girls at Carpenter Place! She enjoys being active—whether that's playing pickleball, finding any way to get vitamin D, or eating a sweet treat and drinking coffee (her personal favorite). Michaela plans on transferring to Oklahoma Christian University in the fall to pursue a career in family counseling, where she will be able to support and strengthen families through faith-based care. Overall, she is eager to build meaningful relationships and excited to see what the Lord has in store for her this summer!

Ali  
SEARS

Ali Sears is a sophomore in Exercise Science at Oklahoma Christian University. Ali enjoys running and being outdoors whenever she can. She is looking forward to getting to spend time with the Carpenter Place girls and hanging out with them this summer. Ali feels that it will be a ton of fun getting to know the girls and doing activities with them, and she can't wait to join them this summer!

## MEET OUR NEW BOARD MEMBERS

Terry  
BURR

Terry's hometown is Bird City, in far northwestern Kansas. He attended York College and obtained his bachelor's degree from Kansas State. He moved to the Wichita area and began attending RiverWalk (Central) in 1991. Terry has two children, Ryan and Amy.

Terry and his wife, Liz, were active in various aspects of church life.

Terry retired from Allstate Insurance after 28 years in the claims department. The past ten years were spent driving charter buses for Village Travel. He retired from driving earlier this year. Elizabeth Ann (Liz) and Terry were married for 52 years. She transitioned to her heavenly home in March of 2022 after a three-year struggle with ovarian cancer.

Terry's goal is to work for the continued success of Carpenter Place.

Angie  
WEBER

Angie has been married to her husband Pat for 36 years. While he was an army pilot for 20 years, they lived all over the world, including Alabama, Germany, Arizona, Florida, South Korea, and Washington, D.C. They have three girls, who are now grown and live in Tennessee and California. They moved back to Kansas with their girls in 2008 when Pat retired from the Army. They still love to travel and look for places to hike along the way. Angie's favorite thing to do is to teach the Bible! She has taught all ages, children, teen girls, and women. Her joy is to help others understand the beauty and depth of God's word and to see how it fits into all aspects of our lives.

The mission of Carpenter Place is one that Angie holds dear, and she looks forward to helping facilitate all that God has planned for its future!
